She dens him a picture and he writes 'gosh those look nice, wish they were in my face right now.' Another chat log...she asks him 'u want a pic?' to which he replies, 'sure, why wouldn't I?' She sends him an image of her vagina and her unbuttoned blouse showing her breasts.

Cousins:

After mom and dad had gotten a divorce, he moved to Las Vegas to live with his brother. Since my uncle had already been divorced, he had some extra space. Over the years, I'd go and visit them on occasion. As well, my uncle's daughter visited him often. Often enough it'd be at the same time as I was there. We got to be good friends to the point that, when we went out to places like circus circus, we were mistaken for brother and sister instead of cousins. We were always laughing and having fun. Besides, our dads thought it was cool that we got along together. It was much better than having to deal with two ornery kids. Now, I remember one of these visits, I was thirteen and my cousin was fifteen. After dinner, our dads wen to their separate rooms for the night. Looking for something to do, and this being Vegas, we started playing poker. Well, after several hands, normal poker got boring. I don't know what got into me, but when our conversation turned to what we could do to make it more interesting, I blurted out something about Strip Poker. Surprisingly, she said "sure, OK." She had a condition first. We had five minutes to put on any extra clothes that we could find. That way, if one of us got into a losing streak, we had something to work with. Setting a timer, we ran off to layer up. When we plopped back down, we were both laughing at how silly we looked. After the first three rounds, it became an amusing little competition. Time flew and, before long, we found ourselves down to a few bits of clothing left. Another loss and I stripped off my shirt. Loosing her next hand, she adds her last shirt to the pile. It's my turn to deal and I almost fumble the cards. I'm just astonished at the full figured breasts sitting across from me, her bra only adding to the allure. The smirk she gives doesn't help either. I manage to pull myself together and deal out the next hand, winning with a full-house. My eyes glued to her chest, she instead takes off her shorts. Leaving her in only her white bra and silk panties. My eyes drift down and I'm able to see the dark bush behind the thin fabric. By now, I've shifted how I'm sitting several times, trying to keep my hardon from being too noticeable. I'm so distracted that I loose the nest hand. Unable to keep it hidden anymore, I stand up to take off my shorts. The full on tent in my boxers distracting her now. The next hand, she fails to win, and reached behind her back and unclasped her bra.

Sliding it off then flinging it across the room. I don't know where it landed, I was mesmerized by the most beautiful breasts I've ever seen. Not that I've seen many, but to me... they were mind blowing. I couldn't shuffle the cards, so she dealt the next hand. When I was able to tear my gaze from her chest, I found her panties had formed a wet spot on them. The tent in my boxers grew a bit more. When I lost the next hand, I stood and, with eyes closed, removed the last bit of clothing I had left. Kicking the boxers aside. Taking a deep breath, I open my eyes to see she was staring back at me, the same way I've been staring at her. This time it's her turn to be distracted and loses the hand. Standing, she steps closer to me and stops. A moment goes by without either of us moving. Taking the initiative, I reach up with trembling hands and take hold of the material at her hips. Slowly, I pull them down lower and lower until they're to her knees. The twangy scent of her arousal so heavy in the air, I can almost taste it.

The treehouse pt. 1

Thinking the treehouse was empty, Sarah and her friend, Cloey, climbed up for an afternoon of playing. No sooner had they stepped inside then a flurry of motion and scuffling surprised them. When the dust settled, they found Sarah's brother, Billy, sitting in a corner with an old blanket hastily pulled over him. On the floor between them and him, a magazine laid open. Its pages down, the cover well worn and tattered. Picking it up, Sarah found the reason for her brother's odd behavior. On its pages were images of men and women doing things. Adult things. Holding the magazine up, Sarah waved it at Billy. "OOO, I'm telling mom!" He panicked at the thought of what his mom would do to him and held out a hand. "Don't! Please...I'll do anything, just don't tell mom, OK?...please?"

Sarah looked at Cloey with an expression of 'what now?'

Cloey leaned over and whispered in her ear. A smirk formed on Sarah's face. "OK. Fine. We won't tell...but only if you show us what you were doing up here."

His eyes widened at her, then answered, "How do I know you're not going to tell on me anyways?"

She shrugged, "Fine, we'll show you ours if you show us yours. How's that?"

He still wasn't convinced yet. "If one of you goes first, then I'll go, then the other one. That way, I know you're not fibbin." Both girls shrugged, then played rock-paper-scissors to see who went first. Sarah lost. Blowing a few loose strands of blonde hair out of her face, she started getting undressed. When she was done, he was shocked she actually did it. He was so lost in trance, staring at her hairless slit that Sarah has to clear her throat to snap him out of it. Still half stunned, he pulled the blanket covering him aside. He was still dressed, his zipper was pulled down and his hardon mostly exposed. Sarah shook her head, hands on her hips in annoyance. "If WE have to get undressed, then You do too." Cloey nodded in agreement. A moment later, his clothes were in a pile to the side and the old blanket was spread out beneath him. The patch of hair at the base of his shaft framing and drawing their attention. Waving his hand, he broke them out of their stupor and pointed at Cloey. Now both Billy and his sis watched anxiously as her friend removed each piece of clothing. Surprising both of them when she revealed puffy pink nipples atop subtle curves on an otherwise slender body. Then again when she exposed a tiny patch of fine hairs on her little girly mound. She blushed at the attention they were giving her, then broke the awkward silence, "So, Are you going to show us what you were doing or what?"

Billy glanced at the magazine and back at the girls, "I, umm, need something to look at...while I, you know, do it." That seemed to make sense to them. That would explain why he had the magazine. Stepping over, they sat down next to him on the old blanket. Leaning back on their elbows and spreading their legs for him to look at their slits. That seemed to work really well, his dick twitched and jumped on its own in response to them. He took ahold of his shaft and gave it a few strokes before his body trembled. Gripping it tight enough to make his knuckles white, he held it that way without moving until his shaking lessened. "Doesn't it hurt when you squeeze it hard like that?" Cloey asks. Billy shook his head, "Nope. You can squeeze it all you want. The sensitive parts are down there" pointing to his balls. The girls took turns squeezing his rod as hard as they could to test that theory. Then Sarah dared Cloey to put it in her mouth. No sooner did her lips close around the head and she flicked it with her tongue did he erupt. She didn't pull away fast enough before getting the first two wads down her throat. The rest landing on his stomach and chest. "Eww." Cloey smacked her lips and thought about it a second. "You know, it's not that bad." Reaching over, she swiped a finger through a blob on his stomach and popped it into her mouth. Taking another swipe, she holds it up to Sarah. With some coaxing, she found to like it too. Together, they licked him clean. When they were done, Cloey took him back into her mouth to see if they could get some more out of him. Sarah, curious to how much her friend had maturing more than her, ducked down between Cloey's legs to get a better look. She poked and prodded along her friend's thinly fuzzed slit. When she slipped a finger into that marvelous opening, she found that it went all the way in without stopping. Not only that, but found she was able to work a second finger into her friend. She could only work a single finger into her own tight little hole, and even then only to the second knuckle before being forced to stop. Cloey sensed her friend's unasked questions and, pulling Billy out of her mouth, answered, "I accidentally popped my cherry when I was playing with myself a few months ago. That's when I started changing down there and my boobs started growing."

Sarah's eyes went wide with a sudden epiphany. An idea of how to catch up to her friend sprung up. Looking towards the other to, she has a wild animalistic hunger.

Emily pt. 1

On Sundays, I'd take my daughter down to the ballpark. She had soccer practice and occasionally they'd have a match against a neighboring team. It was at one of these practices that I met Emily. Like Maggie, she played soccer. Though the two of them saw each other every weekend, they were on different teams due to their age groups. Still, the two of them got to be good friends out there. Emily was a good kid. Like Maggie, full of hugs and humor. Not to mention really cute too. Her olive skin, small budding breasts, shoulder length hair, and captivating eyes gave her

an exotic look. Which made it that much more amusing when she began flirting with me. It started off all rather innocent enough. She would look at me and flash me a little smile, then touch me in some small way. Nothing personal, just enough to make her blush and run away. Often, she'd use Maggie to mask what she was doing. To anybody that was watching, it was just two girls playing around. This went on for a time. Then one Sunday, after practice, Maggie and I were playing around. She was sitting on my foot, glued to my leg and giggling as I tried to walk. When Emily wandered over, Maggie called out for her to join her. In a blink, Emily wrapped herself around my leg. When I took a step, she had to tighten her grip to keep from falling. This caused her to grind her soft cleft into my leg even harder. After several more wobbly steps, and lots of laughter, Emily looked up at me with glossy eyes and a strange expression. That's when it dawned on me. She was grinding herself down on my foot so hard, I could feel the heat emanating from under her bottom. Lifting my big toe, I found a certain moistness to that heat. I have her my own smirk and took a couple more steps, wiggling my toe into her burning heat with each step. But, unfortunately it didn't last long as the girl were called over by friends. Emily rolled her eyes and left reluctantly. The next week at the field, Emily whispers in my ear that she's started her period. Then realizing what she just said, she blushes. To ease her, I put my arm across her shoulders and give her a knowing smile and hug. She relaxed letting out a meek laugh. With a wave she trotted off to join her team on the other field. I noticed she didn't spend much time on the field. Instead, spending most of her time on the bench while the other girls practiced. That's also when I noticed she had a new iPhone. She didn't have one before that I knew of. I watched as she took snapshots of the girls on the field and texting. She was doing this for both field, which were split between two age groups. When they are done, Maggie and Emily met up and they both found me in the bleachers. As they approached, they were laughing and commenting over the pics Emily had taken. "Nice phone," I say. Emily grins, "Yup, got it in case I have any emergency." I saw the idea on Maggie's face before she even said, "Aww. Can I get a phone too?" I shook my head, "Maybe in a year or two. When you're a little older." She looked sad. Handing her my phone, "but until then, you can borrow mine. But only if you ask first." Joy restored, she agrees and takes the phone from my hand. The two of them huddle and begin chattering. They exchange numbers and Emily sends pics of Maggie out on the field. When I eventually get my phone back, I find the background's been changed. Maggie in mid kick. Over the next week, they texted back and forth with each other. It wasn't long before I ended up skimming over their conversations. I'd tried to read through them at first. But how they could follow each other's topics while texting remains an enigma to me. It was one such time that I realized Emily though she wasn't pretty. I was baffled. She was a girl that, if I were a young boy again, I'd be dying to ask out. But how to tell her how pretty I think she is, but without it seeming too weird? When Sunday came and the girls meet back up, Emily found that I'd changed the background on my phone. Now it was a selfie the two of them took together. When she looked at me puzzled, I shrugged "What can I say? I've got two beautiful girls on my phone." She blushed and rolled her eyes at me, but whispered 'thank you' and gave me a hug. Maggie, unable to resist, rushed over to make it a group hug. Breaking the hug, I swatted them both on the butt to send them off to practice. As they ran off to practice, my mind ran off to new possibilities.

Emily pt. 2

After the second week of sharing my phone with Maggie, we took a trip downtown. Within moments of having her own phone, Maggie was texting back and forth between at least five different friends. I hadn't realized it, but many kids her age had cell phones. Making the comment that she shouldn't forget about Emily, Maggie laughed and said Emily was the first person she texted. On the drive home, I got a message from Emily thanking me for changing my mind about the phone. I wrote back that I was a little worried I wouldn't hear from her anymore. She sent me a 'LOL' and said she'd keep in touch with me. Then added 'Dork' with an emoji rolling its eyes.

The next day, I got another text from her. More of a rant actually. Something about the boys at her school and how they were 'dub' and 'stupid.' I wasn't sure what brought that on until she sent me two pics. One was a selfie of her sitting at her desk, and the other was some dolled up prep girl sitting at her desk surrounded by boys. Obviously she was one of those "popularity" types. I had an idea where this was headed. I didn't have to wait long before Emily asked if I thought the other girl was prettier than her. I shook my head and wrote back. Pointing out how Emily was naturally beautiful, that she didn't need to put on all that makeup to look pretty. Nor did she have to act like the other girl to get attention. I gave her my opinion that girls like that were really hiding the ugly inside themselves. Relaxing, Emily laughed and agreed. Thanking me for my understanding. Later, at about 1 p.m., I get a text from her again. A random comment about going shopping this evening for new bras. When I responded, she laughed and apologized. Saying the text was meant for Maggie. I typed back, 'What? I like bras too. Especially lacy ones.' Her last response was, 'HA, I bet you do' before going silent again. Throughout the day, mental images of her perky chest distracted me. Then, late at night, I get another text from her. Checking to see if I was still awake. 'Yup. Just relaxing on the couch. Nothing good to watch through,' I write back. After several minutes, I get a pic of five bras laid out on a bed. Under the pic she writes, 'got six new bras today' with a cheering emoji. Looking back at the pic, I figured where the missing one was, but asked anyways. 'Was that a typo? I can only see five.' Sure enough, she responded with 'I'm wearing it. Duh.' Then followed it with another pic. A bathroom selfie, showing only her neck to her waist of her without a shirt on. The new bra she was wearing was black with lace. And damn did it look good on her. Looking closer, and with the help of zooming in, I could even make out pink areolas underneath the fabric. I was still ogling the pic when she asked, 'you still there?'

I quickly recovered and typed back 'Yup. Sorry. Just had to take a cold shower after that last pic.' She texted back, 'LOL. Thought you'd like that one.' I grin as I write 'Well. They're magnificent. Absolutely beautiful...Of, and the bras are pretty too' then added a winking emoji. Her only response was a blushing emoji. I didn't get another message from her until a day and a half later saying she had a present for Maggie this weekend. She wouldn't say what it was, but Maggie was really excited about it. I don't blame her, I was curious about it too. On Saturday, we found Emily waiting for us on the bleachers where I usually sit. Between her feet sat a box bound tight with string and tape over newspaper wrapping. She told Maggie it was private and made her promise not to open it until we got home. With my keys, Maggie ran off to put the package in the car. While she was away, Emily whispered to me that it was just some clothes she's grown out of and thought Maggie might be able to wear them. Then she mumbled, 'oh, and some other things too.' I gave her a questioning look. She shrugged and smiled innocently as Maggie ran back up to us. Tossing me the keys, they both turned and jogged together out to their practice.

It was a grueling practice. The summer heat wasn't too bad, alight breeze kept it at a somewhat tolerable limit. I layed back to take a nap for a bit. I woke with a start when I heard a scream. Jumping to my feet, I was met with a "Splash" to my left shoulder. Looking around, the field was filled with chaos. Girls were chasing each other with water balloons and anything else that could hold water. Both teams, the older girls against the younger. Somewhere in all that chaos was Maggie and Emily. Scanning the fields, I tried to pick them out where I stood. I wasn't having much luck though. I decided to sit and wait it out. Glancing down at my phone, I notice a pop-up telling me I've got messages. Opening it up, I find a plethora of pics and videos sent to me from both girls sharing with me a POV of their fun. Flipping through them, I realize that this was also a wet t-shirt contest. There were so many budding breasts showing through thin wet shirts that I damn near fell off the bleachers. In one series of pics, several girls were removing their bras in the locker room so their chests would show through the wet shirts easier. But the last pic I received when

it was all over was the best. Maggie and Emily side by side with an arm around the other. Caught in mid laughter as they held towels in the air. Both bare ass naked and nipping sharp little rubies. Yep, I'll be taking a cold shower later.

Emily, pt. 3

When the girls met me at the bleachers, they were still slightly damp. Having already toweled off and changed clothes, which I was given a glimpse of them doing. I asked if they had fun, and both with a grin from ear to ear, said that was Awesome. Before we left to go home, the girls exchanged hugs. When Emily leaned in to give me one too, she lingered to whisper in my ear, 'Did you like our pics?' I groaned softly, feeling a heat stir in my groin. 'Yeah, tat last one's my favorite.' I whisper to her, 'I wish I was a younger boy again.' She broke away from me and picked up her bag. Then, as she turned to leave, stopped and smiled at me. 'I don't' She said casually. Exchanging blown kisses with Maggie, she waved and headed off to her car. Maggie looked at me and asked, 'she don't what?' Picking up my bag, then hoisting Maggie's bag to my shoulder, I answer 'I don't' know. What I do know is a certain package is waiting in the car." Just like that, the topic was dropped and forgotten. Maggie rushes me for the keys. With them, she's off like a lightning bolt. When I get to the car, Maggie's got the trunk popped, the driver's side door open, and the car already idling. The little sprite's belted into the seat with the package held securely in her lap. After belting in, I gripped the steering wheel and headed home.

No sooner had I pulled in and parked than Maggie raced to the front door. When I got into the living room, she'd already used a kitchen knife to cut the string and was ripping the last bit of paper off the box. I sat on the couch and watched as she opened t. Digging in, she pulls out two pairs of jeans, a couple of shirts, two bathing suits, and four pairs of shorts. Each piece warranting an 'off' and 'awe' as it's lifted from the box. Then, towards the bottom, she finds training bras. Maggie's giddiness kicked into overdrive. Pure girlish excitement swelled as she pulls out ten of them. There were various cup sizes ranging from what looked like flat to a little smaller than what Emily was wearing now. Maggie was so crazy with excitement that she forgot about me. Pulling off her shirt, my male-driven eyes automatically fall on her pink swollen buds, mounted upon slight swells, just before she pulls one of the bras on. She's in the middle of adjusting its fit when she realizes I'm still there. Blushing shyly, Maggie apologizes. I laughed softly, "It's OK. I'm just sorry I haven't noticed how much you're growing up. How fast all of you girls seem to be growing up." We were silent for a few moments after. Then Maggie picked up one of her spare soccer balls and tossed it at ne, catching me off guard, it bounces off my arm and rolls away When I reached to retrieve it for a return shot, she scoops the whole pile of clothes back into the box and dashes for her room. Calling back at me, "I'm going to go try the rest of these on." I dropped the soccer ball, and tell her "dinner will be in an hour Don't forget to tell Emily thank you." A faint and muffled "OK" answered back from her room. Speaking of which, I pull my phone out and bring up the pics. Flipping through them to the one I'm looking for-Emily and Maggie together in the locker room. Taking a longer, closer look, I notice something I hadn't at first glance. Even as Emily was older and more mature, only by two or three years, she was bare down there. Maggie was the one with a slight dusting of peach fuzz. The dark hair, though not much, at least concealed her secret place. Whereas Emily was shaved bare so that I was treated to the most wonderful view of her cherry red clit peaking out for a photo op. Well, with the help of zooming in again. I couldn't ignore the burning throb any more. Phone in hand, I wander off to my own room. As I pass Maggie's door, I call out, "Make it two hours until dinner instead." When she answers "OK," I duck into my room and lock the door. It's been one hell of an interesting day, taking more than a single go to calm the beast this time. I was mid stroke on my second go around when my phone chimed. The picture of my desire being replaced by her name in bold letters and a message asking if I was busy. I lied and said 'Nope.'

'Truthfully, did you like the pics?'

'Of course I do. Especially the one with you drying off after the water fight.'

'Oh, that one (blushing emoji). You really think I'm pretty?'

Yup, sexy.'

I'm not that pretty'

'Well, I'm looking at t right now. Have been for the last 45 minutes.'

'Ha! BS'

I sent her a selfie of me right then, gripping the raging beast she's awakened to show her how truthful I was being to her.

...No response

Emily pt. 4

When she didn't respond for several minutes, I began to worry that maybe I freaked her out. That I scared her. My mind jumped to how long I had before 'They' knocked on my door. That's why when she did finally respond, I was in for an even bigger shock.

It was a pic of her. On her bed with her legs spread. One hand holding the phone to take the pic as the other was spreading her hairless slit wide open. A very close up and, intimate, selfie. The wetness seeping from her was clearly evident in the light from her bed stand. Glistening on her hand and inner thighs. The sight renewed the beast's hunger, new with even more of a frenzy. When my phone chimed again, it was another pic.

That same hand that'd splayed her open a moment ago now covered her mound. From the angle, her middle and ring fingers were buried deep within her. It was an excellent POV, looking up from below to show her wonderful breasts rising in the background. The tips of which were clearly hardened. Driving me over the edge, I burst like a fountain. No other messages were passed after that. I didn't know what to say, nor did I want to spoil the moment. When I was done, and Maggie was done trying on her clothes, we did sit down to eat, she asked, "Have you heard anything from Emily tonight?" Stifling a cough, I waited silently for her to continue. "Well, she sent me a text a few minutes ago, while you were still cooking. She wanted to know is she could spend the night?" My fork shook a little. Clearing my throat, I smiled as calmly as I could, "She can spend the night any time she wants to sweetie, you know that." Maggie thought to herself for a second, "For how long? Can it be for more than one night?" My head spun with the thought "Sure, but that all depends on her parents. You girls will have to clear everything with them too." Her hands slipped below the table and I could tell she was texting the answers back to Emily. Over the week, Emily would tease me with a comment here, a selfie there. Sometimes it was at home, but usually it was from school. It wasn't always about her either. Secretly flirting with Emily was driving my own hormones giddy. Maggie wasn't helping me either. When she wore Emily's old clothes around the house, she left a scent of her as well. When I asked Emily about it I one of out texts, she said she'd left a few other presents for Maggie in the box of clothes. She wouldn't identify what all she sent, just that one of them was a small bottle of her favorite perfume.

By the time the weekend hit, I was a bundle of nervous energy. SO was Maggie, so we seemed quite the pair as we stood at the bleachers looking for Emily to show up. When she did, she was carrying a huge duffle bag instead of her normal soccer practice bag. Maggie didn't pay it any attention. Jumping in to hug her friend as it was dropped. I looked at Emily with raised brow, "Going on vacation?" Returning Maggie's hug, she

grinned, "Yup. Your place." Maggie started bouncing and celebrating. "Enough stuff for the weekend?" I ask, eyeing the huge duffle bag. Emily shrugged, "Who said 'weekend'?" Maggie and I stopped and stared at Emily with questioning expressions. "I'm afraid you're stuck with me for a bit. They don't expect me back until next week, Sunday night." She said it so deadpan, it took me a moment for it to register in my head. Maggie squealed in delight.

The beast awoke, roaring for practices to be over and be at home. I will have to wait though, painful as it is.

It will be a long and torturous three hours before they're done. I dig out a gel icepack and activate it. Laying it on my crotch, I cover myself with Maggie's bag. Then kick back for a nap.

G-1

Giving sis a back massage, I worked my oiled hands into her warm skin to knead the muscles into relaxation. Gymnastics can really bind muscles on a person. I'm inadvertently become her masseuse over the years. She's already asleep. I've gotten used to recognizing her breathing, and her body language. Her arms and legs are limp and heavy like a rag doll. Gently moving one leg, I pull her panties aside and smile. She's shaved again. I remember when she didn't even have to. When she started shaving, I about came right there when I looked at her newly shaven little pussy. Just like it is now. With her legs to the side, her slit is opened up more and I can see her nice little pussy hole in all its glory. The sight makes my cock jump in my sweatpants. Pulling it out, I check her breathing once again before I move closer to her. Ever so gently, I bring the head of it up to her open slit. The dribble of precum helps soften the touch. Slowly, I move it along her slit, feeling her warm little pussy against the head of my cock. Within moments, I move away to blow a load into a cloth I keep close. As I'm tucking it back in, she coughs and wakes up. Rolling over and sitting up, she yawns, stretches, and smiles sleepily. She says thanks for the back rub and heads to her room. A few minutes later, she comes back down and says she needs to talk to me, then says to bring the massage oil before turning and walking back to her room. Following her upstairs to her room, she closes the door behind us and sits on the edge of her bed with a worried look. She says she's been having pains and wonders if I could massage her sore chest to see if I could make the soreness go away. I was kind of confused, so she told me how her budding breasts are constantly sore and aching as they grow. If I could relax the pain in her sore muscles, maybe it'll work on her sore breasts too. That is...if I didn't feel freaked out about it. To answer, I hold up the bottle of oil and asked her when she wanted me to start. She smiles and pulls her t-shirt off before falling backwards on the bed. I laugh and crawl onto the bed to sit next to her. Oiling up my hands, I begin at the base of her small breasts, working up to the now hard nipples crowning the tops of them. She winces a few times as I work the aches and pains from her beautiful little titties. After half an hour, she says the pain's gone now, but it made her, quote "down there" all tingly and funny feeling. I chuckle and shift from working on her breasts to her stomach. A few minutes later and I'm coming awfully close to her pantie covered mound. She lets out a faint moan and her hips rise slightly. Smiling, I continue massaging her stomach, coming closer to her shaved mound with each pass. When I slide my oiled hand down a bit further, my fingers slip beneath her panty waistband and brush across her little nub of a clit. She immediately bucks her hips upwards and gasps. Removing my hands, I say, "I'm sorry, so you want me to stop?" She shakes her head 'No,' her breathing still quick and heavy. Touching her stomach again, I begin to kneading her soft skin. Not forgetting to give her little titties more attention as well. When I come back to her pantie line, I stop. "You've shown me your chest, you really think keeping the panties on makes a difference?" Without giving it a second thought, she quickly strips them off and lays back down for me to continue. I think I know what she wants now and reach down to work the oil into her shaved mound and slide my thumbs over her clit. Her hips come up again, pressing her nub harder against my thumbs. Massaging her clit in small circles to make her gasp and whimper, her breathing quickens and she tenses up. As her orgasm builds, I slide my middle finger down to her wet little hole and slip it into her, up to the first knuckle. Wriggling it around her entrance as I continue to thumb her clit, she peaks quickly. Her back arches, rising her butt off the bed before slamming down, sending my finger deeper into her and through her cherry in one swift motion. When she finally comes around from her orgasm, she looks at me with wide-eyed wonder. "That was awesome," she pants. Then notices the concerned look on my face. "What's wrong?" she asks. "I'm sorry, I didn't mean to, but when you came down, you shoved my finger deep, and... (I hold up my bloody finger) popped your cherry." At first she got a scared look on her face. Then it changes to a look of curiosity. "Does that make me a woman?" I laugh, "No, because technically, you're still a virgin until you have sex. This is just fooling around." "oh" she says, "but isn't it suppose to hurt the first time?" "Only when your cherry gets popped, but you've already done that. So, it shouldn't hurt." She thinks about it a moment, then grins as she flops back down flat on her back. "Well then, make me a woman then." "Wow. I thought you'd never ask," I grin. Standing up on the bed, I pull off my clothes and get down between her legs. Using my t-shirt to wipe away the trace amount of blood from her wet and eager pussy, I begin with one finger. She gasps and shakes as I work her newly opened hole until I can slip a second finger into her. She's kneading her own little titties, pinching her nipples as she does. It takes nearly half an hour of wiggling my fingers inside her before she seems ready to go further.

G-2

When it seems like she's ready, I move into position between her legs. Holding my throbbing cockhead to her wet slit, she whispers "move it around between the lips like you sometimes do." I stop dead, "What? You mean you were awake?" She blushes, "uh, huh." "Why didn't you speak up?" "It felt good," she smiles sheepishly. "Well then, what about this?" and I apply a gentle pressure forward. It took a minute, but my cockhead finally slips into her and she starts grabbing fistfuls of sheets, her head swing up off the bed with a look of surprise. Keeping gentle pressure, it seems to take a long time to sink even another inch into her tight, little, pussy. The whole time, she seems to spasm from one orgasm to another. Pulling out just a tiny bit, I'm able to push in again another fraction of an inch. Leaning forward, I whisper into her ear, "You like that? You like my cock in your tight, little pussy?" She bites her bottom lip and nods her head before whimpering, "Yes. Fuck my tight, little pussy. Make me a big girl." Her encouragement spurs me on and I begin to move more. Pulling out to shove back into her grasping hole in quick succession. Going deeper with each thrust. She pulls her pillow around to her face to muffle her squeaks and squeals, and on occasions, screams as she rips through another orgasm. Before I'm all the way in, I feel the head of my cock come against the back end of her tight pussy hole. Stopping there, I give her a minute to come out of her orgasm as I look down and marvel at the sight of my hard cock buried in her, stretching her open and pulling her lips tight around the shaft, drawing her clit to rub against it with each thrust I make. No wonder she hasn't stopped orgasming this whole time. When she finally opens her eyes and looks at me, I slowly pull all the way out. Knowing how limber she is, I lift her legs up and bring them towards her head. Now, with a clear view of her own pussy, I realign and press my cock back into her. Giving her a slow show of her own tight little pussy getting fucked real good for the first time. She gasps with her mouth wide open as her eyes are fixed on my cock sinking into her. I work up to a steady rhythm until I'm practically slamming into her in rapid stroked. Fifteen minutes later, I can't hold it

off any longer and I pull out of her just in time to send a load of cum up and across her stomach. Using my t-shirt to clean her off, she's passed out before I even finish. Pulling her blankets over her to cover her. Grabbing up the rest of my clothes, I slip out of her room to go to mine. The next day, sis seems to act different. Neither she, nor I bring up what happened that night for several days. Then, one evening, she comes to me again and asks if I could give her a back massage later tonight before bedtime. I just smile at her, "Anytime." She takes a long shower before dinner and talks about school while we eat. I sit and quietly watch her as I eat. After dinner, we all watch a movie until close to bed time. Sis went to slip into her normal shorts and t-shirt while I laid out a sheet on the floor. Since this was the normal routine for us, mom and dad said, "goodnight" before going to their room. Sis didn't come back downstairs, so I went to her room to see what's up. I find her laying on her bed, completely nude, on her stomach. "About time you go there." She says, then shakes her bare bottom from side to side. I quickly strip off my clothes and grab the oil off her dresser, hopping onto the bed beside her. I straddle her legs and begin to massage her back like I usually do. Working the knots out of her neck, my hard cock comes to rest along her ass crack, making her giggle and wiggle her bottom again. After a few times of this, I'm finding it hard to focus on her neck, so I skootch backwards towards her feet. Then I dribble some oil right on her butt crack and along her slit. She clenches her cheeks when the oil hits her, but relaxes again when it stops. Lining up my cock to her, I move forward to reach her neck and shoulders again. Only this time, I bury myself inside her slick pussy fro behind as I resume the massage. She gasps and drops her head forward, burying her face in her pillow as she lets out several squeals of pleasure. I finish massaging her neck and shoulders like this. When I'm done, I pull out of her long enough to lift her bottom up into the air before sliding back into her sexy little shaved pussy. Only, this time, I can't hold it as long and I explode inside her, causing her to cum at the same time. When we both come back down from out high, it dawns on us as to what just happened and we look at each other wide eyed. Not thinking about anything else of the fact that we just had sex, just that she might be pregnant now, we rush downstairs to mom and dad's room. Rushing in, both of us freaking out.

Waking mom and dad up, Sis and I frantically tell them what just happened, not thinking about the trouble we'd be in for it. Mom took sis into the bathroom and helped her douche herself out to get as much of my cum out of her. As they were busy, dad had some difficult questions to ask me. When mom and sis came back, we all had a long talk together. Mom smirked when she pointed out that I had enough stuff in sis that I could have gotten a whole troupe of girls pregnant at once. But now that she's shown sis how to keep herself clean, and dad's shown me where his stash of condoms are, we should be safe for now. We finished talking hours later. Too tired to move, we all ended up sleeping in the same bed. When I wake up, dad was working mom's trimmed pussy as sis continued to sleep next to them, completely nude and sprawled eagle. My cock hardened within a split second and, since mom and dad were already at it, I tubbed the precum at the head along sis' beautifully bare pussy. When I've gotten her pretty lubed up, I find her entrance and push in, sliding into her nice and slow. She wakes up with a short shriek and a whimper, grabbing the blankets besides her. Mom and dad stopped and watched us with amused looks. I push in a little more and sis moaned. They get up and come closer. Dad towards sis' head to dangle his cock against her mouth until she takes it in to suck on the head of it. Mom moves closer to me, reaching down to fondle my balls as I'm half buried into sis. Then she leans down to suck on sis' clit and flicks it with her tongue. The sight of this is overwhelming and I start to tense up. Mom notices and squeezes my balls tighter, "Are you ready to cum?" she asks. I nod 'yes.' "Well, come here then" and she turns her head to take me into her mouth just as I cum down her throat. Sis reaches down to her, now empty, slit and inserts two fingers as she lets out a sigh from around dad's cockhead. Spent now, I flop down on the bed next to sis and mom. Seeing a void that needs to be filled, dad pulls free from sis' mouth and moves around her. Lining up, mom and I watch as he ever so slowly sinks into her. Stretching her pussy lips wide open and tight around his shaft. He thrusts as seep as he can about forty times before mom moves to take him into her mouth to catch another load of cum down her throat.

SB-1

It's been 12 years since I got divorced. Our daughter, Maddie, is out of school for the summer and I'm taking a week off from work to spend some time with her. We'll be renting an RV to spend this coming weekend at a water park. So, we're going to the mall today to get her a new bathing suit. She's outgrown her old outfit and her newly budding chest won't fit in it anymore. Standing in the swimwear section, I start pulling suits out and handing them to her. I pass her about four before I notice she's got a look on her face. "Um, what's wrong?" "Dad, what are you doing?" "What? Don't you like these?" Maddie rolls her eyes, "yeah they're cute for a little kid. And besides, these are all one-pieces." I raise a brow, "um, you are a kid." She scoffs and rolls her eyes again, "I'm not a little kid anymore, and one-pieces are old. Here, put these back. I'm 12 now. I can pick my own clothes from now dad." She hands me back the one-pieces. Then she laughs and adds, "Stand back and watch a pro at work." She mock cracks her knuckles before pouncing on the racks. Shifting through them like a seasoned pro, I put the four suits back where I found them. Maddie pulls a few things off the rack and then goes to the changing rooms. She closes the door before I could see what she's got. When she steps out of room, my jaw about dropped off. My 'little girl' isn't so little anymore. Maddie's standing there in a bikini and showing off her newly forming curves that she didn't have before. She grins and turns to admire herself in the full length mirror. We ate breakfast in the morning and drive out to the RV rental place and swap vehicles. We're on the road for an hour and get to the water park a little after 10. I park the RV in a row with other RVs. Once we're backed up in and the engine is off, a girl came walking up from down the row. She's shorter than me, but taller than Maddie. She's wearing a bikini top and has a cloth draped around her waist. Seeing us, she smiles and waves. Maddie jumps out of the RV and excitedly asks the girl if the water was any good. Maddie races into the camper to get changed. Alone now, the girl introduces herself as Amber and holds her hand out to me. I politely shake it and tell her my name is Charles. We talk a few minutes, the whole time she hasn't let go of my hand. Maddie bounces back out of the RV in her new bikini, she's even more excited than before. Eager to get to the water, she urges me to get changed quickly. Looking over at the park's high rise water slides, she points to the tall blue one, "I've got my ticket, I'll meet you at the tall blue one, OK?" I excuse myself from Amber to get changed. Once inside the RV and its privacy, I strip and reach for my trunks.

Once inside the park, I make my way to the tall blue water slide and wait for Maddie to come down. Sure enough, she comes shooting out of the tube within minutes. Seconds behind her, Amber comes flying out. Maddie waits in the water until Amber surfaces and together they swim to the exit steps. I follow the two beauties as Amber shows us around the park. We play in several different areas. The one that got my attention is a water slide that is eight stories high. Amber goes first and then Maddie waves me ahead to go next. When I get to the bottom, I'm completely submerged underwater and start to swim to the exit. I come upon someone from the waist down standing in the water. As I get closer, I can see that the girl's swimsuit bottom has been pulled aside and her manicured mound is right in front of my face. Jumping up to bring my head above water, Amber's standing there with a sneaky grin on her face. For the next three hours I'm taunted and teased with flashes and batting

lashes. So, when the girls decided to take a break and lay out in the sun, I excused myself back to the RV. When I'm back in the RV, I grab a rag and start working to release the pressure in my balls. I'm in mid stroke when the door opens and closes quickly. Before I can get up from the couch, Amber is on me in a flash. Pulling her bikini bottoms to the side, she straddles my cock between her puffy pink lips and pulls her top up to her shoulders. Amber grabs my head and shoves her perky young breasts into my mouth. She slides along my shaft several times to cover it in her juices before raising up to line me up to her hole. But instead of sliding down on me, she sits her weight down to have the head slowly slip inside her. Thinking I'm hurting her, I ask her if she's OK. She quickly nods and said that I'm bigger than the boys she's dated. A little surprised, I'm about to ask her another question when she tenses up and suddenly begins to shiver. She clutches me to her as she cums. Coming out of her orgasm, Amber relaxes enough that she sinks down all the way to my lap. And when she regains her senses, she looks down and marvels that I'm all the way in her. I ask her, "where's Maddie at? She smiles, "I left her sun bathing to come back and get some tanning lotion." "So, I guess we better hurry up then," I say as I pinch her left nipple lightly. Amber inhales sharply and bites her lip. Then whispers, 'fuck me.'" Taking her by the hips, I start bouncing her up and down on my cock in rapid succession, sending her into another long orgasm. Having her tight little pussy being stretched wide by my cock was mind boggling. Seeing her pert young breasts bouncing in my face was beautiful. My blue balls soon found relief as they emptied a gallon of cum inside the young girl. It takes us several minutes to snap out of it and clean up. We now head back to find Maddie.

My Try

I was on the internet on Omegle.com looking up other interested people in young girls, like I normally do every morning when I take MJ to Pre-K. MJ was sitting in the recliner with me dressed for school, while I was usually dressed in sweatpants and a shirt. She was watching her TV show and would occasionally look at the laptop on the armrest or on my lap as well. I had my webcam on facing us, and the people would show pictures or videos for us to watch. For over an hour on Omegle of seeing different pictures and short clips of young girls and boys being naked, playing with themselves, or playing with adults, I would get turned on and I would put my hand down my sweats and on occasion play with my dick as it got hard from looking at these images. As I was watching what one of these people was showing me, I started getting really turned on. He was showing us pictures of little girls' slits. One girl was sitting on a chair naked and spreading her legs. While another, was of her in the bathtub nude, with an adult male nude as well taking the picture with his penis showing. I already had my left arm around MJ's waist the entire time as I had the laptop on the armchair of the recliner, so I just slipped my hand further down and into her shorts. As I was watching the young girls on my laptop, I was rubbing her little slit and mound through her little Dora the Explorer panties. I was making a small circular motion over her entire mound under her shorts. I would also slide my middle finger along her slit allowing her soft folds to part ever so slightly. She eventually took her shorts off. I lowered the laptop so the camera was on her panties and my hand massaging her mound. The Omegle screen switched over to a girl nude except for her panties sitting on an adult male's legs. The male was naked, and she was playing with his hard dick. MJ waved at her through the webcam, and she waved back. She looked to be about the same age as MJ, which was 5. She was a brunette with hair down to her shoulders. She was flat chested with small pink nipples against her smooth flat chest. She was white, with no tan. This girl would occasionally put this guy's dick in her mouth and lick it. I was getting really turned on by this. I had a tent in my sweatpants, so I decided to pull my sweatpants down a little so I can play with my dick with more freedom. MJ saw that this girl was topless, so she decided to take her top off as well. She threw her t-shirt off to the floor. She was naked except for her Dora the Explorer panties now. She just had small pink nipples on her smooth flat chest with her creamy white skin and blonde hair to her shoulders in a braid. As the girl on the screen continued to play with this guy's dick, I played with mine, and coaxed MJ to do as she was doing. MJ put her small hand on my dick and started moving it up and down. I even had MJ lean over and put the tip of my dick in her tiny mouth. She even licked my shaft. Through this whole time, I had continued to rub MJ's slit, but I had moved under her panties now and was rubbing her bald, hairless, pussy lips. After a couple of minutes, she decided to take her own panties off. Now, MJ was completely nude, sitting on the armrest next to me, exposing her naked, young 5-year old body to the guy and girl on the webcam. Her hairless, white, virginal pussy lips on full display. I played with her slit with my left hand. At one point, MJ was drinking a water bottle, and decided to pour water down the front of her chest down to her pussy lips. This got me going too. I got up, put her in the chair. I got on my knees and positioned the laptop so the webcam would show her entire body, and then I went in for a taste. I put her on the edge of the recliner and started licking her slit. She giggled and said it tickled. It had a slight taste of urine, as she was still young and didn't know how to clean entirely. But it wasn't too bad. It tasted sweet and yummy. I could have done this for hours. I made sure not to push my tongue too far, I did not want to hurt her, and enter her. I put my mouth over her entire slit and gave it a big kiss. I continued to lick her slit up and down for a few minutes, then got up and repositioned her back on the armchair of the recliner. To watch what the girl was doing to this guy on the webcam. She was still playing with his dick. I would have loved to have seen her slit. She was cute. At one point, MJ had ran off to go to the bathroom while I was still chatting with this guy on Omegle. When MJ came back, I was still talking to this guy, and she came right back to the recliner and back up to the armrest. I did a split screen on the laptop and went to normal porn sites and watched typical porn while MJ was still next to me naked, and I had my pants down, and we were still on Omegle. MJ noticed that I was watching a porn that had a guy and a woman laying down, buy in the 69 position. She was sucking his dick, and he was eating her out. I honestly do not know what she was thinking, but all of a sudden she leans over me and does a hand stand above my dick. Then without warning, she put it in her mouth and starts sucking it. She could only fit the head of it in her small mouth. As she was doing this, her slit was right in front of me in all its virgin glory. I had to help support her somehow as well. So, I hugged her butt and brought her body against mine. I use my hand to hold her legs open and up to support her, and to give me access to her sweet, little, white, pure, pussy. I put my face right in her small slit. I slide my tongue along her slit, sliding it between her puffy labia lips. Tasting some leftover urine, but still tasting sweet. As she is still licking and sucking on my rock hard dick, I am licking her slit up and down. My face and lips buried in her labia, tasting all her sweetness. My nose brushing up against her perineum and her anus at times. We are doing this as we have the webcam on and are on Omegle for the same guy and little girl watching us. She is still on top of her dad playing with his dick. This goes on for about three minutes before I cannot handle it anymore. I turn her right-side up and ask her if I can rub my dick against her and shoot my stuff on her. I told her it wouldn't hurt, it would be just like I normally do it and shoot it on my belly, but on her. This was the first time I have ever tried both of these on her, but she was in a very obliging mood today, and she said yes. With the webcam still going for this girl and her dad to see, I put MJ facing the laptop and lay her on my stomach and chest area. Her butt was right below my stomach. I place her legs apart and I have my right hand underneath her right leg stroking my dick. My left hand was rubbing her chest and feeling her nipples. I first started rubbing my hard dick against her tight, little slit, and then I started to masturbate my dick right against her puffy pussy lips. I could feel my dick rubbing against her warm folds and the warmth of her thighs. She was looking at the screen and looking down at what was happening. I was all wound up

from over an hours worth of watching little girls, so it didn't take me long to blow my load. I felt that urge, and I started jerking my dick harder, and I then I stiffened my legs and I blew my load all over her young, tight, slit and up to her belly button. She didn't move. This was one of the most intense orgasms I have ever had. She didn't know what to do. I exited Omegle and I cleaned her up with a rag that was sitting by. I grabbed the rag from the table and started wiping the cum off her belly, and then I started wiping it off her pussy and my dick. I asked her what she thought. She said that it felt sticky. I reminded her that I love her, and this was to be our secret, and she couldn't tell anyone, not even mommy.

Another day before I have to drop MJ off at Pre-K, I have the laptop on the coffee table facing the couch. I am on my favorite website, Omegle again searching out like-minded people who like young girls. I had MJ next to me. She is dressed as she normally is for school. In a nice cute outfit with her hair all made up. I am just in my typical day off outfit, wearing sweat pants, before I have to put on pants to drive her to school. As the people who Omegle was trying to match my likes with were flashing by, I am connected with a 20-something year old girl, with her camera focused only on her from the waist down. And she was nude from the waist down. She was showing her own bald, pussy for me to see, and rubbing it. This got my attention, and I was hard underneath my sweatpants. I usually have audio off on the laptop, meaning they cannot hear us, and we cannot hear them. So we have to chat via text. She told me that MJ was cute. I pretended that I was MJ's older brother, and that I did things with her. I showed MJ this girl on the laptop. MJ waved at her and smiled. This girl, who said she was from San Francisco, said she was into little girls, and was turned on by them. So I asked MJ is she would show this woman her panties. MJ agreed, so she took off her shorts and showed this woman her panties. She stood up and turned around and modeled her panties for her. This entire time, this woman on Omegle was rubbing her shaved, wet pussy. She started rubbing her clit and was visibly getting wetter and wetter. I then stood up and pulled my sweatpants down to my knees and showed her my raging hardon. I then had MJ come over and put her hand on it. I helped her move her hand u and down on my shaft. The woman on the screen continued playing with her own bald pussy. She was fingering herself hard. I then asked MJ to put my dick in her mouth. She leans forward and just barely puts the tip of it in her mouth. The sensation was wonderful. Her warm, small mouth barely covering my dick head. She twirls her tongue around it a few times. This whole time we are looking at the laptop at this woman who has her own legs spread wide open and playing with her own clit, getting off to MJ with my sick in her small mouth. This woman removes her hand and shows it to the camera and spreads her fingers apart. There is an obvious sticky liquid streaking across her fingers. She types that we are making her so wet. I have MJ sit down on the couch and have her remove her panties. I move the laptop so the webcam has a better view of MJ's narrow, white, slit. I massage it a little and have her spread her legs wide for the camera. This woman is going to town fingering her own bald pussy. I tell MJ that one day she would be able to do that to herself. This woman is visibly drenched in her own sweetness. I get spurred on and I dive in between MJ's open thighs and start licking her tight, virgin slit, with my hands grabbing her ass cheeks, one in each hand. I slowly lick up and down her slit, making care to not go to deep to hurt her. I hear her giggle and says it tickles her. She also holds my head with her hands. My nose nuzzles against where her tiny little clit is hiding and I press that against her. I make sure I gently separate her small lips with my tongue to trace her inner linings. I end by kissing her entire slit. I look back at the woman on the screen and her pussy is dripping wet as she has three fingers deep inside her as she is riding her orgasm. As she comes down from her orgasm, she thanks us for the show and tells MJ that she is cute, and continues to show MJ her wet pussy lips wide apart, where I can see her pussy hole where she just had three of her own fingers deep inside her. MJ, still naked from the waist down sitting on the couch next to me watches as I masturbate to the woman's pussy on display for me. After I finish, MJ waves goodbye to her, and I log off of Omegle.

On another day before I have to drop MJ off at Pre-K, I am in my room watching TV in my customary sweatpants awaiting the time to get dressed and leave to drop MJ off at school. MJ was downstairs watching whatever show was on-probably Mickey Mouse Club House, or Little Einsteins. I am watching a movie I had on DVR and she crawls up into bed with me and sits upright on one of the pillow. Her mom always got her dressed and her hair done before she had left for work, so all I had to do was get dressed and take her to school and to pick her up a couple of hours later on my days off. I finish watching what was on and scroll through all the other saved stuff. I then come across a good movie called The Brady's: a XXX Parody." This is a XXX parody of the Brady Bunch that I saved on the DVR. I like a lot of the scenes in this movie, so I select it and start watching this porn with MJ sitting next to me. I get hard pretty quick, so I pull my sweats down to my knees. MJ looks at me as I start to stroke myself while watching this porno. I ask her if she wants to play with it. She says no, so I just continue stroking it, playing with it as I watch the movie, while she goes between watching me stroke and play with my dick and watching the porno as a guy is pounding his big dick in a young woman's bald pussy, as he plays with her clit and she squeezes her tits. I feel that I am close to cumming, so I ask MJ if I can touch her butt. She agrees to this, and moves closer to me and lays on her right side. She comes to my left side and I put my left hand down her pants and panties to feel and massage her nice, firm, little butt. I continue to stroke my dick with my right hand as I squeeze her tight ass with my left. She is staring at my dick the whole time as I stroke it. I tense up and shoot a load of cum across my belly. As I am orgasming, my entire left hand grabs both of her butt cheeks and squeezes them. After I have spent my load, I kiss her on the forehead and thank her. I clean up, and we continue watching the porno, and I continue to tell her, that when she grows up, one day she will be able to do all that stuff on TV.

I was home alone with my three and a half year old daughter just watching TV and relaxing. My pregnant wife is at work, and I am home watching EKG. I was sitting on the couch just watching TV, as I typically do on a lazy day. EKG usually walks around the house. She stops and plays in her room some times, and brings her dolls or toys out to the living room. Other times, she sits and watches kid's shows on TV that I put on for her. I definitely make sure she takes an afternoon nap. Keeping up with a toddler is a full time job. When I have watched her previously on my days off, I have been on our laptop or desktop computer looking at porn, and I have masturbated in front of her. At tis age, she just looks at me and stares. I am sure she was just curious as to why I have a different private than she does. I have in the past let her touch it, play with it, and kiss it with her lips. I have told her this is what boys have, and girls have what she has. I have old her in the past that my private looks like it does because it likes her, and it is big because I think she is cute. Today, she was just playing around in the living room with her dolls, and I was watching a TV show I just happened to flip to as I was channel surfing.

My Try 2

School was starting tomorrow and I was nervous. I woke up in the middle of the night having to urinate. I make my way to the bathroom, only to find my little six year old sister Jessica is already there. She is sitting there on the toilet in her little nightie that just cover her top and comes to her thighs, lifted to her waist. I look at her and ask her to hurry up. I wait standing there, hoping she would finish up, but she says that she cannot go with me standing there. So, I just go outside the bathroom and tell her to hurry up, I need to go. Waiting another minute and not hearing any progress, I threaten her that if she doesn't hurry up, I will just have to go use toilet with her sitting there. I only hear a small dribble of pee in the toilet after that. She still hasn't flushed or wiped or said she was done after another minute has gone by. This was taking too long. I re-entered the bathroom and demanded to use the toilet. I told her that if she didn't leave now, that I was going to use it. She said that she wasn't done, and that she was here first. I once again told her that I had to go right now, but she did not budge. So, I gave her one last warning as I was moving my hands to get my penis from my boxers. She still did not budge. I did not know what to do. She was calling my bluff. Oh well, I warned her. I took out my penis from the opening in the front of my boxers and aimed it at the toilet. As I was doing this, my sister was awestruck. She had never seen a penis before, and now it was only a few feet away from her face aimed right at her. I am not that big, but a penis was something new to her. As I was aiming at the small opening in the toilet between my little sis' legs, I started to pee. As I was relieving myself, I was looking at where I was aiming at, and I notice her small little, milky white slit. I had only seen her slit as a baby when she was changed, but not since she had grown into panties. It looked almost the same, just longer. Still no hair, more slender folds on the side. She is a creamy white as no sun has ever shined there before. As I continue to memorize every fold of her slit, I start getting hard and my stream starts going higher. I only notice this after I accidentally peed on the same slit I was staring at. But, as I hit her slit, she started peeing too. A nice golden stream started coming out of her tiny little fold. My face turned red, and I said sorry. She was red faced too, but laughed and said something strange. She said, "It's OK, it felt nice and warm." I finished urinating shortly after she does. She grabs for the toilet paper as I begin to shake my small shaft to get every drop out of me. As I am still shaking my penis, I am still staring at her slit. She now has a small portion of toilet paper and opens her legs more-spreading her tiny, small slit open more, and begins to wipe her slit. I am still as hard as I have ever been, and walk back to my room to release the pressure. A couple of days pass and I think nothing else of this incident. Except, a few times I have caught myself thinking of what her slit looked like, and what she said..."it felt nice?" What does that mean? Does she know what she said?

The following Monday morning, I woke up at 6am to get ready for my zero period PE class that starts at 7am. I head to the bathroom to take a piss and to shower-my new normal routine. I enter the bathroom, and guess who beat me to the bathroom again, my little sister Jessica. She is once again on the toilet with her purple pajamas bunched up above her waist as she is sitting on the toilet. I complain to her that this is my time for the bathroom. This is my new schedule. She just looks at me sheepishly and shrugs her shoulders and says, "Sorry, I really have to go." I say, "OK. But, I am running late, so I am going to hop in the shower if you don't mind." She says that she doesn't mind. So, I put my new clothes on the counter top and hop into the shower and close the curtain behind me. I then take off the t-shirt and boxers I was sleeping in and lay them on the floor just outside the tub. Throughout this whole process, I still haven't heard Jessica pee yet. I ask her if she is OK, she says yes. So, I continue by starting the shower up and adjusting the temp to nice and hot so I can wake up at this awful hour. About halfway through my shower, I can finally hear a faint trickle of water from outside the tub. Jessica has finally started to pee. I peak my head out to joke with her that it takes her as long as an old lady to pee, but I am shocked at what I see. Jessica is on the toilet as I last saw her, but now she was leaning back against the tank with her purple nightie bunched up higher and I can see that she is still wearing her panties. And on top of that! She had her right hand touching the front side of her floral panties as she peed, like she was holding the panties against her small little mound, which I could see the outline of because of her urine soaked panties. The urine was soaking her panties and then coming through the panties and in contact with her right hand and then dripping down into the toilet. I was so stunned at what I saw, I just stood there in the shower not saying or doing anything. Just watching her. What caught me more off guard, was that she just wasn't resting her hand against her panties, she was rubbing her hand against her slit as she peed. It was like she was rubbing her pussy through her panties as she peed, first in a circular motion, then up and down, and then back to a circular motion, over and over. My little sister was playing with herself while she peed her panties while sitting on the toilet. Her eyes were focused on her panties that she didn't even see me staring at her. She stops rubbing her herself and continues soaking her panties and watching the urine drip from them.
